

Completing Your District 16 Application

The form is actually pretty simple, but here are a few important notes to help you better understand it, and avoid potential problems.

- Total cost due \$25 per member.
- AMA number is your membership number from AMA, not your racing number.
- Birth Certificate required for all under 21, unless already sent, in a prior year, please be aware we may request another copy once your membership is processed.
- Primary Interest, please choose 1.
- Numbers 1-10 are reserved for prior year's winners if they choose to race that number.
- NO leading zero's (0) or any part of the alphabet allowed.
- Numbers - Off Road - Hare Scrambles, Enduro, Dirt Track, Dual Sport, Hill Climb, Trials and Road, numbers are NOT issued for these classes.
- Numbers - MX - renewal, we will hold your prior year's number in your prior year's class until the deadline. Explanation... you raced 250C had number 123 this year you are racing 250 A, B or C, and you get your renewal in by deadline and request same number you will get it in that class.
- Class categories:

PW Jr and Sr.	numbers 11-999
Mini 65, Jr and Sr	numbers 11-999
125Jr and 250 A, B, C	numbers 11-999
Open A, B, C	numbers 11-999
+25 A/B, Vet 30B, Vet 35A, +40, +50	numbers 11-999
Women	numbers 11-999
Sportsment	numbers 11-999
Quad A, B, C, Youth	numbers 11-999
- The categories are set up this way, so say you were a C rider and move up to B level, you will be able to keep your number in that class. But if you were B in 250 and now are also 30 years old, and want to also race vet 30B, you will be guaranteed your number in 250, but adding a class does not guarantee that number in the added/new class.
- After deadline all numbers that are not renewed will be released on a first come first served basis. Please remember that if you are renewing 1 or more classes without any changes your application will be processed first after Feb 1, but if you have any number changes, class changes you will be placed on hold (in order received) until all applications received by deadline are processed. You will not lose your place in order received, just simply processing all applications without changes received by deadline, then once numbers are released after deadline going back to process your new request.
